

THE TALL SHIPS RACES 2010 at TALL SHIP GALLANT

- > Leave the daily worries and enjoy the sea
- > Experience the adventure of a race
- > In July and August 2010, Belgium – Danmark – Norway – United Kingdom
- > Open to trainees of all ages, minimum age 15 years

Have you ever dreamed of sailing on board a Tall Ship? At Sea Sail training can give you a chance to get on board of a Tall Ship and no experience is needed! Together with your teammates from all over Europe, you will be introduced to all aspects of ocean-sailing. A professional crew will teach you everything you need to know about navigating, sailing and manoeuvring. Enjoy working in a team, pushing yourself, making new friends and then partying together at the famous crew parties. There will be adventure and action at sea!

THE TALL SHIPS RACES 2010

The fast logger Gallant will be one of the participants of the Tall Ships' Races 2010. In 2010 the Tall Ships' Races will go along the coast of Belgium, Netherlands, Denmark, Norway and will finish in the United Kingdom.

Race 1 from Antwerp to Aalborg is a challenging trip along the Dutch, German and Danish coast. The North Sea is an ever changing sea with a lot of traffic. There will be enough to see and do during your watches.

The Cruise in Company from Aalborg (Denmark) to Kristiansand (Norway) will be beautiful sail along the Scandinavian coast like the Vikings used to do! And because it is not a race, you will be able to visit some of the beautiful Islands and take your time to enjoy the sun, day and far into the night as you go more North.

Race 2 from Kristiansand (Norway) to Hartlepool (UK) will be a challenge to fight the North Sea with his changing winds and unexpected seas. In the early days the Vikings sailed there in hoping to find land.

The Gallant is a Class B ship and is 37.2 meters long, among the biggest in her class and very impressive. Come aboard and take the challenge!

GALLANT

The Gallant was built as a herring logger in 1916 called 'Jannetje Maria'. After 70 years the ship has been completely restored to serve the purpose as Sail Training Ship. These days the Gallant sails the North-European waters, among which the English channel, the North Sea and the Baltic Sea. The Gallant and her crew will make each trip a real adventure. This fast logger is present at many sail events and at various races, and has more than once proved to be a strong competitor for the top 3 positions. And Captain Hendrik and his crew look forward to teach you all they know about sailing a vessel like Gallant.

THE CREW

The captain Hendrik de Roo and 3 crewmates are well trained and all have been educated at a nautical college and done the STCW safety trainings. Hendrik has been the captain of the Gallant for many years and knows all the little tricks to let the Gallant sail as fast as possible.

ACCOMODATION

What used to be a fishing hold has been turned into a pleasant daytime room on the lower deck with large tables, couches and a seaworthy galley. On deck is space enough for sunbathing. The cabins are divided in 2 for 2 persons, 3 for 3 persons and 2 for 4 persons. There are 2 toilettes, 2 showers and central heating.

PROGRAMME OUTLINE

> Each trip starts at 18.00 hours when you will board Gallant and get to know the ship, permanent crew and your fellow voyage crew members. After a warm welcome during the Captains introduction and the safety briefing, it is time to have a nice evening on board or in the city. There is always a lot to see and to do in the Tall Ship Regatta Harbour's. Should your travel schedule mean that you arrive before 18.00 hours, you may be able to store your bags aboard and have a look around in town (please check first).

> After a hearty breakfast the next day, the first deck instructions will be given. Together with the crew the ship will be made ready for leaving the harbour. The sails will be set for the Parade of Sail. A lot of people will be on the quay and in little boats to wave to you and wish you luck.

Of course the start of the Race is spectacular with all the Tall Ships going over the starting line together. This is an exciting but challenging moment, which needs a lot of concentration from the crew and the trainees.

> On board you will be divided into three watches. This means that you will also be on watch during the night sometimes. You will all learn to set the sails, to steer the vessel, to help the cook with the meals and to clean the ship inside and out. You do this during your watch, but also when it is necessary outside of your watch. It is good to work together and take care of the ship.

It is a challenge to set a good racing time, but also to become a team and for you to become part of the crew like a real sailor. Permanent member of the crew will be there to guide you.

> The finish can be spectacular when there are other ships around, or quiet because you are the first! If there is enough time, the captain will search for a nice anchorage to enjoy the last evening at sea before sailing into the next Tall Ship Regatta harbour.

> In the harbour there will be a lot of activities organized by the town. There will be all kinds of music, sometimes a fair and there will also be a cultural program.

There will also be an opportunity to challenge the crew from other ships through sports, walk the crew parade through the whole city, get a prize (winning, friendship, etc) during the prize giving ceremony and last but not least, there is a crew party for everybody in the Tall Ship Race harbour.

> On the 3rd day in harbor the voyage will end at 09.00 hour. You will look back on a once in a lifetime experience! For people who want to race or sail again, there are even more possibilities; either on Gallant (if there is room) or on other ships who are joining the next leg of the races!
